Structural Sign Posting Waiver

Massachusetts Regulations 333CMR 13.08(3)(c)

Massachusetts Regulations 333 CMR 13.08(4)(b)

Company Information

Contracting Information

By signing below, I agree to waive the sign posting requirement of 333 CMR 13.08(3)(c) or 333 CMR 13.08(4)(b).

333 CMR 13.08(3): In addition to the requirements of 333 CMR 13.08(1), the following shall apply whenever a pesticide application is made to a unit in which the Contracting entity does not reside:

(c) Prior to commencing each application, the applicator shall post a notice approved by the Department, on all of the entrances of areas to be treated to which residents or others may have access. The applicator must leave these notices posted after the application.

333 CMR 13.08(4): In addition to the requirements of 333 CMR 13.08(1) the following shall apply whenever a pesticide application is made in a non-residential public building:

(b) Prior to commencing each application, the applicator shall post a notice, approved by the Department, on all of the entrances to the treated room or area to be treated. The applicator must leave these notices posted after the application.

****Please be aware that by signing this waiver you as the building manager should take the appropriate measures to ensure that all individuals working, living or entering the building are aware of the chemical usage in the building.**
